

CENIT
COLLEGE

SKILLS
FOR LIFE

Build a Brighter Future

Cenit College UK is proud to contribute to the East Midlands Strategy Plan, working towards a sustainable, thriving, inclusive, and healthy economy that benefits local employers and residents. Our Skills Bootcamps training programmes at Cenit College UK are funded by the Governments Skills for Life Guarantee helping everyone gain essential skills for Life.

Skills Bootcamp in Data Analytics with Power BI

Our Data Analytics with PowerBI bootcamp is delivered over 16 weeks through a flexible combination of live practical, theory and online delivery sessions totalling no more than 5 hours a week. We do however recommend you spend some additional study time to truly enhance your project management skills. Our Data Bootcamp is carefully designed to align with industry standards and occupational expectations. Specifically, we focus on mapping the skills in our Bootcamps to the Occupational Map for Associate and Junior Data Analysts. If you're looking to upskill then our Skills Bootcamps allows you to enhance your job prospects, develop your skills, strengthen your C.V and gain a valuable learning experience, opening the door to promising career prospects, and lifelong skills development.

You'll master essential techniques such as data cleaning, transformation, and modeling using tools like Excel, Power Query, and Power BI. You'll learn how to connect to various data sources, perform data wrangling tasks, and create dynamic visualisations that reveal key insights. The course also covers the fundamentals of DAX (Data Analysis Expressions) to help you build interactive dashboards and reports.

But it's not just about training; it's about progression.

We offer:

GUARANTEED JOB INTERVIEWS

with positions ringfenced specifically for participants to transition into roles like Reporting Analyst, Data Technician, Marketing Analyst, Financial or Sales Analyst.

SUPPORT FOR EMPLOYED LEARNERS

to progress into higher roles within their current organisation, with employer co-funding.

PROGRESSION PATHWAYS

into further qualifications or apprenticeships.

SIX MONTHS OF POST-COMPLETION SUPPORT

including in-work guidance to ensure long-term success.

SKILLS FOR LIFE

Funded by

Department
for Education

This Bootcamp is designed for individuals looking to develop or enhance their Data Analytics skills, gaining hands-on experience with the latest tools like Power BI, Excel, and Power Query, while learning to analyze, visualize, and communicate data insights effectively in real-world scenarios.
